Team Meeting

Attendance

Meeting called by: Josh Fruin

Where the meeting will be held: Discord

Attendees: Alex Cleverly, Callum Organ, Josh Fruin, Thomas Mahoney

Minutes

Agenda Item: API for the website

Discussion: We discussed the strategy for creating the API for the website and what exactly from the database we want to show on the API. Future plans after API – QR codes and Map showing GPS coordinates of the restaurants. We also discussed the database as I am nearly done making it.

Conclusions:

The next part is very doable for our group as we covered what we need to do for it in COMP2001.

Action items:

- Callum has volunteered to do the API with help from others if needed.
- I am going to finish the database in the next few days to allow the process for the API to be started.

Deadline: 23/03/22
