Team Meeting

Attendance

Meeting called by: Josh Fruin

Where the meeting will be held: On Discord

Attendees: Alex Cleverly, Callum Organ, Josh Fruin, Thomas Mahoney

Minutes

Agenda Item: Discussing how we will go about implementing the directory into the website

Discussion: We discussed how we will go about designing the directory for the database. For this we thought it would be best to use a database (to store the client's data) then use an API to link the database to the Ecobadge website. We also discussed how we could prepare the directory page for the API and other uses of the API within the site.

Conclusions: We decided that Josh and Callum would tackle the main tasks of creating and designing the database to prepare it for the API

Tom and Alex to look into ways to use the API the could be used

Action items:

- Design database
- Implement database
- Prepare user pages and directory page

Deadline: 02/03/22
